

The Dr. Noopur Jain Talk Show

In an enlightening and engaging session, Team Womanews hosted an in-person talk show on November 22, 2023, featuring the esteemed Dr. Noopur Jain, a prominent dermatologist at Skin First Skin & Hair Clinic in Surat. From the beginning of her career as a dermatologist to navigating the challenges encountered along the way, Dr. Noopur Jain opens up about her experiences and triumphs. Join us as we unravel the story behind the Skin First Skin & Hair Clinic in Surat.

A Journey Begins:

Dr. Noopur Jain, a native of Udaipur but raised in Surat,

embarked on her medical journey with an MBBS from BJMC Ahmedabad and further specialized in dermatology with an MD from GMC Surat. Her dedication and excellence in the field were acknowledged with a gold medal in Dermatology, presented by the honorable Governor of Gujarat, Acharya Devvrat.

Services at Skin First Skin & Hair Clinic:

The clinic offers a comprehensive range of clinical and cosmetology services. Clinical services cover the diagnosis and treatment of various skin and hair conditions, including

acne, eczema, hair fall, psoriasis, and more. On the cosmetology front, the clinic provides advanced treatments such as laser hair reduction, medifacials, anti-aging procedures, and mole treatment.

Adopting Cutting-Edge Techniques:

Dr. Noopur Jain embraces the latest technologies to ensure optimal outcomes for her patients. The clinic boasts advanced tools like diode lasers for hair reduction, Q-Switch lasers for pigmentary issues, and MNRF for scar treatment and rejuvenation, among others.

Staying Ahead in Dermatology:

To stay at the forefront of dermatological advancements, Dr. Jain and her team regularly attend workshops, conferences, and webinars, ensuring they remain abreast of the latest developments in their field.

Unique Selling Proposition (USP):

What sets Skin First Skin & Hair Clinic apart is their

holistic approach. Recognizing that many skin conditions have the potential to recur, the clinic provides not only medical solutions but also lifestyle counseling. Customized treatments based on age, gender, and skin type are offered, especially in the realm of cosmetic concerns.

Milestones and Challenges:

With five years of running the clinic, Dr. Noopur Jain reflects on the journey with pride. The clinic has garnered over 10,000 satisfied patients, drawing individuals from various parts of India. Challenges, she acknowledges, are a daily occurrence – from managing staff to resource allocation. Yet, it is through facing these challenges collectively that the team emerges stronger.

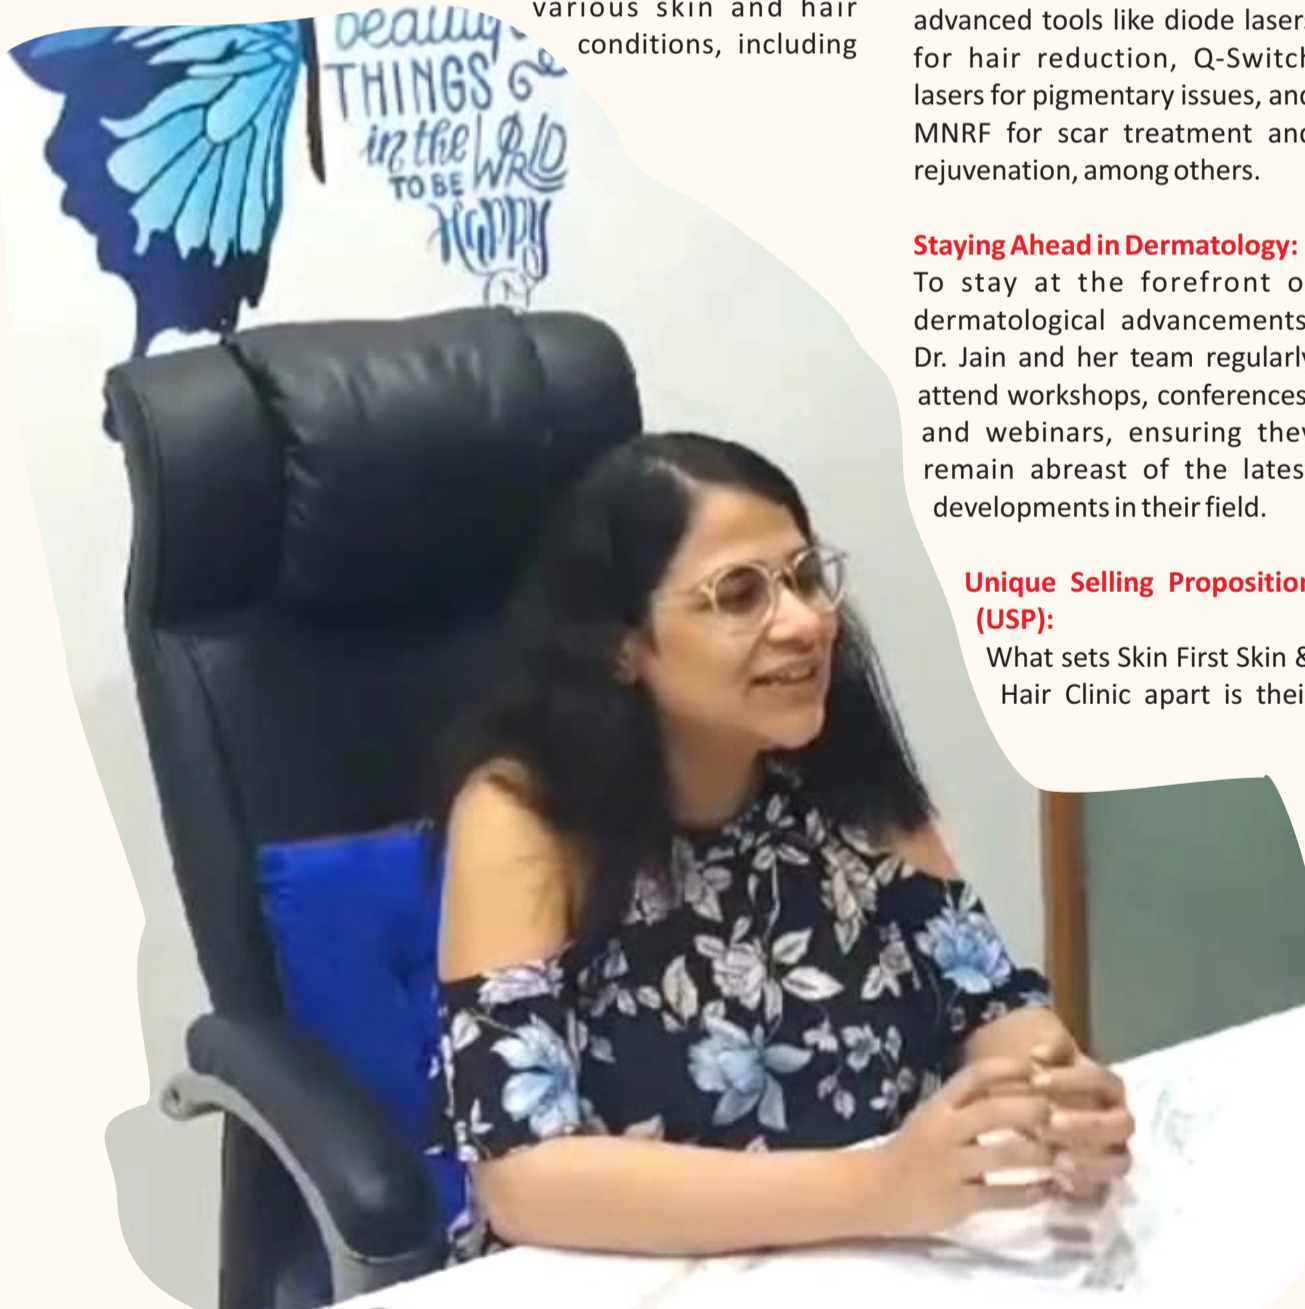

Family and Support:

Coming from a non-medical background, Dr. Jain initially faced challenges. However, the love and support from her patients propelled both her and the clinic to unprecedented growth.

Looking Ahead:

As the conversation takes a personal turn, Dr. Jain reveals the importance of her patients' support. As for the future, the clinic envisions growth and expansion, driven by the commitment to delivering top-notch dermatological care.

In closing, the talk show with Dr. Noopur Jain was not just a journey through the dermatological landscape but a narrative of perseverance, growth, and the profound impact of personalized care in the realm of skincare. It was a pleasure to gain insights into the world of Skin First Skin & Hair Clinic and the remarkable woman steering its course.

Acharya Rahee Gaur: Bridging Ancient Wisdom with Modern Solutions through Vardhan

showcasing adaptability and flexibility. In summary, she is a sought-after advisor bridging the gap between ancient wisdom and modern industry challenges.

What drove Acharya Rahee Gaur towards occult sciences?

Acharya Rahee Gaur's journey into occult sciences began in 2013 when her family faced health and relationship challenges, prompting her exploration into numerology, graphology, and tarot cards. Dissatisfied, she discovered Vastushastra and astrology but found many practitioners focused on selling products rather than providing genuine guidance.

Disheartened by the commercialization, she embraced Mahavastu, a more holistic approach. Unlike conventional product-focused consultants, she prioritizes personalized solutions, avoiding crystals and expensive materials. Instead, she creatively uses everyday items for effective remedies that integrate seamlessly into the surroundings.

She emphasizes Mahavastu principles without demolition, considering horoscopes and Ayurvedic Prakriti (Vata-Pitta-Kapha) to enhance overall well-being. Her goal is to connect with clients personally, acting as a trusted family member. Through minimal yet effective remedies, she addresses root causes to achieve desired results. In a world of product-driven occult

practices, Acharya Rahee Gaur stands out as a genuine solution provider, offering practical and personalized insights for those seeking balance and harmony.

As her expertise in Mahavastu, astrology, and Prakriti flourished Acharya Rahee Gaur envisioned a platform that could offer a comprehensive array of services, bridging the gap between ancient wisdom and modern challenges. This vision took shape in the form of Vardhan – Life Towards Excellence, a renowned and professional firm spearheaded by the experienced Acharya Rahee Prateek Gaur.

Vardhan's service spectrum covers Earth Energy mapping and land selection, Vastu for Residential and commercial Premises, Factory Vastu, Town/Building Planning, Offices/Showrooms/Shops Vastu, Astro-Vastu, Prakriti Analysis, Tarot Cards Reading, Numerology, Handwriting Analysis, and Psychological Counselling.

Her approach combines Mahavastu principles, consideration of horoscopes, and Ayurvedic Prakriti to identify and address the root causes of problems, resulting in successful outcomes with minimal remedies.

In conclusion, Acharya Rahee Gaur's journey from her family's struggles to the founding of Vardhan – Life Towards Excellence is evidence of her steadfast dedication to finding genuine solutions in the realm of occult sciences. Her journey, marked

by a transition from dissatisfaction with commercialized practices to the embrace of Mahavastu's holistic approach has laid the foundation for Vardhan. As Vardhan continues to bridge the gap between ancient wisdom and modern challenges, Acharya Rahee Gaur's visionary consulting approach, coupled with the firm's diverse service spectrum, stands poised to guide individuals and businesses toward a harmonious and balanced path of growth and well-being.

H.E. Laila Rahhall launched the initiative Miss Pink and Women in Pink.

H.E. Laila Rahhall El Atfani launched the Miss Pink & Women in Pink initiatives to show support and hope in order to be resilient in the face of breast cancer. It makes sense that women gather together to celebrate their accomplishments, encourage networking, and support a worthy cause in a society where misconceptions about them are still being broken. This October is Pink October, a unique occasion wherein professional women in the corporate world come together to talk, network, and feel empowered while wearing pink. and a sharp awareness and good vibrations.

The Women's Business Circle and the Vice-President for the Gulf Region of the Global Chamber of Business leaders - H.E. Laila Rahhall, a dynamic and influential group of women entrepreneurs and professionals, has organized a special event for Pink

October. The purpose is two-fold to celebrate the achievements of women in the business world and to raise awareness about breast cancer.

Empowering Through Networking: The Pink October Gathering provides a unique platform for women to network, share experiences, and support each other in the competitive business landscape, connecting with like-minded women can be a game-changer, and this event facilitates that crucial interaction.

Mentorship for Women: Women Mentorship is a powerful tool for women looking to advance their careers.

Some of the significant benefits she includes:

Unlock Career Advancement: To navigate gender-specific challenges, break barriers, and empower mentees to overcome bias, asserting themselves in overcoming stereotypes, and challenging bias.

Balancing Work with confidence:

She offer insights on work-life balance and parenthood, providing strategies for managing family commitments, navigating maternity leave, and smoothly returning to work after a break.

Tailored Networking & Collaboration:

She tailor networking opportunities for women, fostering connections and collaboration. This builds supportive networks for mentees to share experiences, seek advice, and offer support.

Boost Self-Confidence and Growth:

Another critical area where she can make a difference is in empowering women with self-confidence. She guide mentees in overcoming self-doubt, recognizing their worth, and pursuing goals. Experienced mentors share strategies for self-advocacy, negotiation, and leadership, fostering professional growth.

Renowned speakers from various industries Supporting a Noble Cause:

A significant aspect of this event is its theme-pink. Attendees are encouraged to wear pink attire, symbolizing unity in the fight against breast cancer. This visual representation serves as a reminder that even in the corporate world, women can come together for the greater good.

The Woman Business Circle for Miss Pink gathering serves as a launchpad for continued collaboration and support within the group.

New Delhi (India), November 20: On the occasion of Women's Entrepreneurship Day, we embrace the power and tenacity of women who defy norms and reshape the business landscape. Here, we are featuring insights from 10 extraordinary women entrepreneurs in alphabetical order. Let these voices inspire—a celebration of their journey, vision, and impact in a world where women lead with innovation and determination.

1. Ankita Gupta, Founder - Syndiora
Ankita Gupta, the visionary founder of Syndiora, a renowned luxury lab-grown diamond jewellery brand, stands as a testament to entrepreneurial excellence. Celebrating its 7th anniversary, Syndiora reflects Ankita's commitment to redefining the jewellery industry with sustainable practices. At the age of 30, hailing from Kolkata and now firmly rooted in Mumbai, Ankita's journey embodies a fusion of cultural richness and urban dynamism.

Breaking Barriers & Building Futures: Women Leading the Way in Entrepreneurship

Her passion for innovation and ethical sourcing led to the establishment of Syndiora, where each piece tells a story of elegance and responsibility. Under Ankita's leadership, Syndiora has not only carved a niche in the luxury segment but has also become a symbol of sophistication, blending tradition and modernity seamlessly.

2. Bharati Nathwani, Co-founder - Darsh Infotech Pvt Ltd & Millennia Digital Ventures Pvt Ltd

Bharati Nathwani always believed in breaking the glass ceiling by not only being a women entrepreneur but also owning an IT company nearly 2 decades ago by co-founding Darsh Infotech Pvt Ltd and Millennia Digital Ventures Pvt Ltd. They provide IT support, consulting

and have an in-house development team carrying bespoke development and developed their own products – Citrine, Rapid-EX and Khowgully. Bharati takes care of business development & finance in the company.

Bharati has set her eyes like a true visionary leader on things that have the potential to revolutionise the business in an unprecedented manner. The company is expanding into international markets like the Middle East and Africa, focusing on successful retail implementations. Bharati's advice to aspiring entrepreneurs is, "Never give up; obstacles are lessons on the journey to success. Keep marching forward, continuously learning from challenges."

Anjali Arora, the visionary founder of The BOA Gallery

Anjali Arora, the visionary founder of The BOA Gallery (The Bouquet of Art Gallery), holds a deep appreciation for the dedication and hard work that artists invest in bringing their ideas to life on canvas. Her amazement at the continual innovation showcased in each art piece reflects her genuine admiration for the creative process. By valuing and acknowledging the uniqueness of every artist's contribution, she fosters an

environment that encourages artistic exploration and expression.

Anjali Arora's personal touch goes beyond business, as she cherishes connecting with individuals and delving into their unique journeys. Her passion for sharing stories and spreading inspiration takes center stage in her show, "Magic Moments with Anjali Arora," where she interviews eminent personalities. Through these interactions, she not only celebrates the diverse narratives but also amplifies the voices of those she encounters.

Anjali Arora's impact extends beyond the gallery walls, creating a supportive space where women artists find comfort and encouragement. Recognizing the

challenges many face in pursuing art careers, especially in organizing exhibitions, her services become a trusted resource and her commitment to empowering women in art becomes evident through the valuable support and opportunities she provides.

The BOA Gallery has already established itself in the industry, but its journey is just beginning. Actively participating in numerous art events throughout the year, including India Art Festival in Mumbai, Delhi, Bengaluru, as well as international events like World Art Dubai and World Art Saudi, the gallery provides a continuous platform for artists.

For artists under contract with The BOA Gallery, group and individual

exhibitions become a win-win situation. The gallery offers exclusive budget-friendly services, encompassing digital promotions, photography, videography, magazine features, and art newspaper features. The unique focus on making each artist a brand involves sharing their journeys, ensuring maximum exposure in the art field, ultimately leading to sustained sales growth.

The BOA Gallery not only actively participates in numerous prestigious art events but also orchestrates grand openings for individual contract artists. These events boast illustrious chief guests, adding an extra layer of prestige and visibility for the artists. By combining exclusive services, budget-friendly offerings, and strategic events, The BOA Gallery is dedicated to propelling each artist towards becoming a recognized brand, fostering long-term success in the art world.

Breaking Barriers & Building Futures: Women Leading the Way in Entrepreneurship

3. Laxmi Sowjanya, Co-Founder - SyncMinds Technologies

Laxmi Sowjanya, the owner of multiple businesses, has embarked on various ventures, experiencing both successes and failures. She started her IT firm "SyncMinds Technologies" in 2014, launched an IoT product in 2017, moved to IT services in 2022, started working on her Yoga Retreat venture in 2021, is a franchisee owner for an Aesthetic clinic, and many more. One thing that has been constant in all these years of her entrepreneurial journey is "learning." In recognizing the challenges women face while pursuing their dreams, Laxmi emphasizes the importance of belief in oneself and consistent effort. Despite moments of self-doubt or feeling inadequate, she encourages women to persistently work towards their aspirations.

On this occasion of Women's Entrepreneurship, she extends her best wishes to all the wonderful women who are trying their best to achieve their dreams and breaking barriers. Do not forget to remind yourself that "being strong is the only option" and keep going.

4. Namitha Vijayakumar, Co-Founder - Learning Ethos

Namitha is a certified Design Thinking practitioner and Learning Consultant with an extensive corporate background and an engineer by

qualification. While working in the IT field, she discovered her passion and interest for training and coaching people and went ahead to chase and accomplish her dream of being a facilitator.
